NOTICE TO UINTA AND LAKE FORK RIVERS WATER USERS

Notice is hereby given that in compliance with Title 73, Chapter 5, Utah Code Annotated, 1953, a meeting of the water users of the Uinta and Lake Fork Rivers and representatives of the Division of Water Rights will be held Tuesday, March 29, 1994 at 1:00 P.M. The meeting will be held at:

Dry Gulch Irrigation Co.  
Conference Room  
263 East Lagoon Street  
Roosevelt, Utah 84066

The purpose of the meeting will be to discuss the appointment of a river commissioner by the State Engineer to regulate the distribution of the Uinta and Lake Fork Rivers. The reason for having the commissioner appointed by the State Engineer would be to provide more enforcement authority for the commissioner in resolving distribution problems in the area. Other items relating to the distribution system will be discussed including the operating budget for the coming year, the administration of distribution funds by the State Engineer, the need for headgates and measuring devices on the system, and other business as necessary.

Sincerely,

Robert L. Morgan, P.E.  
State Engineer
